Antioxidant and Deep Moisturization

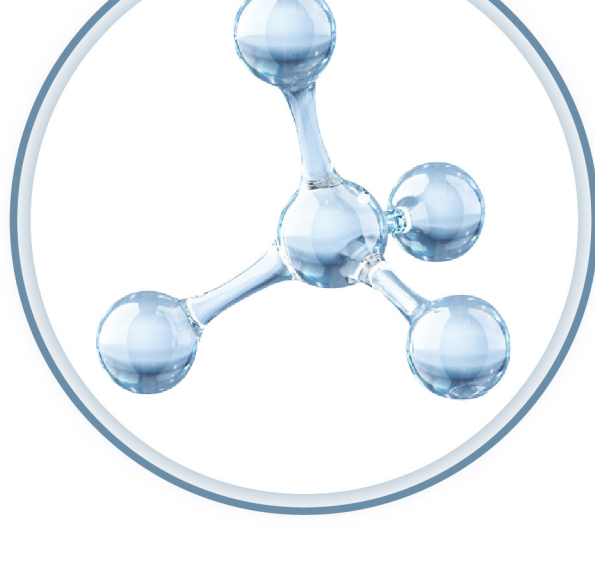

Caulerpa Lentillifera Extract

- Attracts and retains moisture in the skin.
- Neutralizes free radicals and prevents premature aging.
- Reduces skin irritation and redness.

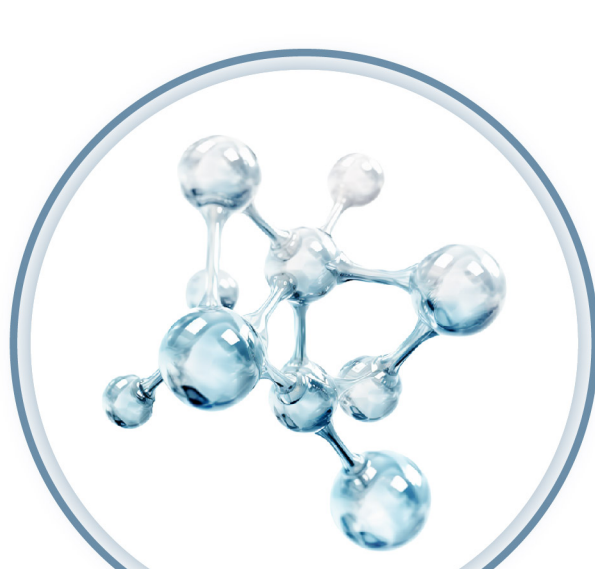

Glycerin

- Deeply moisturizes the skin and helps retain moisture.
- Strengthens the skin barrier to prevent moisture loss.
- Softens the skin and improves the appearance of dry, rough areas.
- Temporarily plumps the skin, minimizing fine lines and wrinkles for a more youthful look.

Sodium Hyaluronate

- Penetrates deeply for intense moisture.
- Hydrates to smooth fine lines.
- Leaves skin smoother and softer.

Sodium Polyglutamate

- Provides extended hydration, improving skin softness.
- Boosts skin's elasticity, making it firmer.
- Penetrates the stratum corneum to smooth wrinkles.
- Improves skin brightness and radiance.
